From cool and classy to centuries-old and traditional, Oaxaca never fails to entertain

Whether it's sassy and sultry, simmering with sensuality or slow and easy with a soothing after dinner drink, Oaxaca nightlife serves up a full buffet of choice for everyone's taste buds. Depending on the level of euphoria sought, patrons can relax to the mellow rhythms of marimba sonatas or get their groove going with hot and fiery salsa dancing until the wee hours. The night is always young for those who care to embrace what the locals call *la vida nocturna*. Here are some of the options:

Music and Dance

Oaxacans love their music performed live and the city hosts a surprising number of artists and bands. You'll find jazz, blues, salsa, folkloric shows, rock and roll, even opera and orchestral music performances.

Around the *zócalo* in the open-air cafés, you can sip wine while listening to nouveau flamenco or Andean music. Traditional live music is often played outdoors on the plaza.

Performing and Fine Arts

Spending a romantic evening here would make a fitting climax to a stay in Oaxaca.

Art Galleries

On Friday and Saturday evenings the museums and galleries host events where students, artists, art lovers, expats and travelers gather. Appetizers and drinks are consumed; art is admired and even purchased. Innovative art — sculpture, photography, traditional weaving, even video and graphic design — is one of Oaxaca's hallmark characteristics.

Festivals

Exuberant traditional festivals, both religious and pre-Hispanic, often continue into the evening hours in Oaxaca. These events can be accompanied by fairs, exhibits and lots of gaiety. Each has special parties. The religious processions can be opulent, with popular dances thrown into the act. Bullfights, beauty pageants and fireworks add to the brouhaha. You may not know about the event until you hear a brass band playing or catch sight of *monos*, giant *papier maché* figures. Join in the festivities. It's a great way to have fun while gaining a deeper insight into Oaxaca's people and customs.

He said, "The people are living and celebrating the quintessence of their heritage in a setting of unparalleled beauty. In Oaxaca one sees the drama of this endless flow of creativity still pulsing with the vitality of a great people."
